ABSTRACT

The purpose of this study is to compile data concerning the staffing and operations of the physical plant departments of colleges and universities for the 1973-74 fiscal year. General information, such as whether an institution is public or private, campus acreage, number of buildings, building square feet, buildings maintained, length of work week, percentage of institutional budget to physical plant is included. Statistical groupings are made by: (1) region, (2) enrollment, (3) top level of academic program, (4) average number of people employed, by function and grouped by region; (5) average number of people employed, by function and grouped by enrollment; (6) average number of people employed, by function and grouped by top level of academic program; (7) unionized functions by region. Appendix and questionnaire are also included. (Author/KE)

INTRODUCTION

The Research and Survey Committee is very grateful for the support of the membership in making this survey a success. The survey includes 281 schools out of a total of 285 surveys returned.

The identification of schools is by number, region, and arranged alphabetically. Schools not identified by name will receive their assigned number with the report.

The format for this report has not been changed from the 1972 report. We feel that the current groupings of data will provide you with information that can be used for staffing comparisons beneficial to your organizations.

1975 ANNUAL MEETING

Salt Lake City, Utah
June 15-18, 1975

TO: APPA MEMBERS

Dear Colleague:

In fulfilling its obligations to perform a staffing and operations study every two years, the Research and Survey Committee is attempting to make this study more helpful and meaningful to you by modifying the survey form and by getting the results published early in the fiscal year.

You will notice that we have categorized staff reporting to follow the "Classification of Accounts" definition as closely as possible. If there is an uncertainty, refer to the account classification number noted on the survey for each category.

To make the survey meaningful please participate, be accurate, and return the completed forms promptly.

To achieve our goal of early publication, we are requesting the questionnaire be returned by November 11, 1974.

Thanking you for your participation,

APPA Research and Survey Committee
P. G. Rector, Chairman
